

Ellis Park Wagering & Payout Rules

Pick Six

Pick Six

- The object of the Pick 6 is to select the first place finisher in each of six (6) races on the same racing program designated by the Association (Ellis Park).
- The Pick 6 pari-mutuel pool consists of amounts contributed for a win only selection in each of six (6) races designated by the Association.
- Should a betting interest be scratched or declared a non-starter before the start of the first leg, the betting operator shall be authorized to refund any tickets designating betting entries affected thereby before such first leg.
- At any time after wagering begins on the Pick 6 pool, should an entire betting entry or field be scratched or declared a non-starter in any Pick 6 race, no further tickets selecting such betting entry or field shall be issued, and wagers upon such betting entry or field, for the purpose of the Pick 6 pool, shall be deemed wagers upon the betting entry or field upon which the most wagering money has been registered at the track in the win pool at the close of win pool betting for such race. In the event of a money tie, the tied betting entry or field with the lowest program number shall be designated.
- Except for Pick 6 pools in which an intermediate or final distribution is to be made, should one or more of the Pick 6 races be canceled, no carryovers from prior Pick 6 pools, advertised guaranteed amounts or advertised added amounts will be distributed to winners in such day's Pick 6 pool; and, if more than three such races are contested, 100 percent of that program's net pool shall be distributed, less breaks, to holders of wagers upon the winners of all Pick 6 races actually contested for such pool; should no wager select the winners of all Pick 6 races actually contested, 100 percent of that Pick 6 pool shall be distributed, less breaks, to the holders of wagers selecting the most winners of the Pick 6 races contested.
- If three or fewer such races are contested, the entire pool for such program shall be refunded.
- Entries/Couplings: Those horses constituting an entry of coupled horses, or those horses coupled to constitute the mutuel field in a race comprising the Pick 6, shall race as a single wagering interest for the purpose of the Pick 6 pari-mutuel pool calculations and payouts to the public. However, if any part of either an entry or the field, racing as a single wagering interest is a starter in a race, the entry or the field selection shall remain as the designated selection to win in that race for the Pick 6 calculation and the selection shall not be deemed a scratch.
- Dead Heat: Each horse in a dead heat for win shall be considered the winner and no allocations among wagers shall be made as a result thereof, unlike the practice in a pari-mutuel win pool. The payoff price per dollar shall be the same for each class of winning wager.

- Any change in racing surface for any leg of the Pick Six that was not made known to the public prior to the start of the first race of the Pick Six sequence, results in an “All Win” situation. All Pick Six tickets will receive the winner of the affected race as the selection for that race.
- In addition, any surface change as depicted above results in the pool for the Pick Six, excluding any carryover, being distributed as a single-priced pool. The carryover from previous days will be carried forward to the next racing day.
- Advertised added monies or minimum distributions shall not apply to intermediate or final distributions, unless a wager correctly selects winners of all six designated races, or five winners and no more than one “all win” leg of the Pick 6 pool. In the event there is more than one “all win” in the Pick 6 sequence of races, any carryovers and/or advertised guaranteed amounts will be removed from that day’s Pick 6 payoffs.
- All winning tickets with six correct selections will share in 75% of the daily net pool, and 100% of the carryover. When there are winning tickets with six correct selections, all ticket holders with five correct selections share in 25% of the daily net pool.
- If there are no tickets with six winners, all ticket holders with the greatest number of winners share in 25% of the daily net pool, with the remainder of the net pool carried over to the next racing day. There is a mandatory payout of the entire net pool on the last day of the race meet.
- Unforeseen Circumstances: Should circumstances occur which are not foreseen in this section, questions arising thereby shall be resolved in accordance with general pari-mutuel practices. Decisions regarding distribution of Pick 6 pools will be final.
